PROFESSIONAL SUMMARY

Full-Stack Developer with hands-on experience building MERN applications, secure REST APIs, and responsive user interfaces. Delivered production-ready projects including e-commerce, real estate, and AI-based automation systems.

PROJECT EXPERIENCE

Full-Stack E-Commerce Platform | MERN Stack | Apr 2025 – Jul 2025

- Live: shopabhi.onrender.com | GitHub: <https://github.com/AbhishekGadmale/ShopAbhi>
 - Developed **ShopAbhi**, a production-style MERN e-commerce platform featuring secure JWT authentication, Razorpay payments, admin analytics, and persistent cart management
 - Engineered reliable checkout workflows using MongoDB transactions and idempotency keys to prevent duplicate orders and maintain inventory consistency.
 - Built scalable backend systems including background order expiry jobs, secure payment webhook verification, aggregation-based sales analytics, and role-based access control.
 - Improved frontend performance and user experience using React 19, Context API, Vite, protected routing, and synchronized multi-device cart handling.
 - Deployed production-ready application on Render with scalable architecture.
-

Face Recognition Attendance System | Python, OpenCV, Flask | Jul 2025 – Sep 2025

- GitHub: [AbhishekGadmale/Face-Recognition-Attendance-System](#)
 - Developed AI-powered attendance management system using face recognition and OpenCV.
 - Achieved 95%+ recognition accuracy through image preprocessing and model optimization.
 - Integrated SQLite database supporting 50+ student records.
 - Automated attendance export to CSV reports, reducing manual admin effort.
 - Built Flask-based dashboard for attendance monitoring and user management.
-

FREELANCE EXPERIENCE Full-Stack Developer

Real Estate Web Platform | Feb 2026 – Mar 2026 *Client project — Delivered Production Application*

- Developed full-stack real estate website with admin dashboard, authentication, and lead management.
 - Implemented property CRUD operations, search/filter functionality, and responsive UI.
 - Built scalable REST APIs with MongoDB integration.
 - Streamlined lead tracking, reducing manual follow-up effort
 - Live: real-estate-app-sr0u.onrender.com
-

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Python, SQL, HTML5, CSS3, TypeScript

Frontend: React.js, Redux Toolkit, Context API, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Databases: MongoDB, Mongoose, MySQL, SQLite

Tools: Git, GitHub, Postman, Render, Vercel, Netlify

Libraries: OpenCV, NumPy, Pandas

EDUCATION (2022-2025)

Bachelor of Science in Information Technology University of

Mumbai, Maharashtra

CGPA: 8.62 / 10

Relevant coursework: Data Structures, DBMS, Operating Systems, Computer Networks

CERTIFICATIONS

Meta Front-End Developer Professional Certificate – Coursera (2025)

Covered JavaScript, Advanced React, HTML/CSS, Version Control, UI Development
